Each participant uses it to record the routes completed: at the starting facility, they will find a stamp that they can independently affix to the notebook next to the number of the route they have done.

Is personally responsible for their own safety and actions along the route.

Consorzio Vivere il Grappa and the partner facilities assume no responsibility for any damage to persons or property that may occur during the activity, and by registering, the Participant exonerates the Vivere il Grappa Consortium and the partner facilities from any direct and/or indirect responsibility arising in any way from participation.

8. Mandatory Equipment

- Bicycle in perfect mechanical condition, with working front and rear lights
- Certified helmet
- Bell
- Puncture repair kit

9. The Spirit of Gravel

The Vivere il Gravel Patent was created to promote a free, authentic, and sustainable style of cycling.

It is not about the time, but about curiosity, sharing, and the ability to get lost and find yourself again along the white roads of our territory.

It is possible to request Bike Rental and to use the services of recommended Cycling Guides and Tour Leaders for the various routes.

We kindly ask you to report any sudden and impassable conditions on the route via the dedicated email: info@vivereilgrappa.it, to allow for the organization of suitable solutions.

We invite all participants to film or photograph the highlights of your rides, emotions, or features that impressed you, and to post them on your social media, adding the official tag: [@vivereilgravel](https://www.instagram.com/vivereilgravel).

Finally, consent is given for the processing of personal data pursuant to Legislative Decree 196 of June 30, 2003, and Article 13 of the GDPR.
